*Device of the month*

Meet the All New  
**Echo Dot (2nd Generation)**

This hands-free voice controlled device uses Alexa to play music, control smart home devices, provide information, read the news, set alarms and more.

Connect to speakers or headphones via Bluetooth to play music from Amazon, Spotify, Pandora, iHeartRadio and TuneIn.

Control your lights, fans, switches, thermostats, garage doors, sprinklers and more when connected to compatible connected devices from WeMo, Philips Hue, Samsung SmartThings, Nest, Ecobee and others.

The 7 far-field microphones enables it to hear you from across the room even in noisy environments or when listening to music.

The built-in speaker works on its own as a smart alarm clock in the bedroom, assists in the kitchen or anywhere you may want voice-controlled computer.

This device is always getting smarter and adding new features. It also has thousands of skills like Uber, Domino's and more.
